

What's New in Municipity Mobile for Android™ v3.4.3?

So What's New?

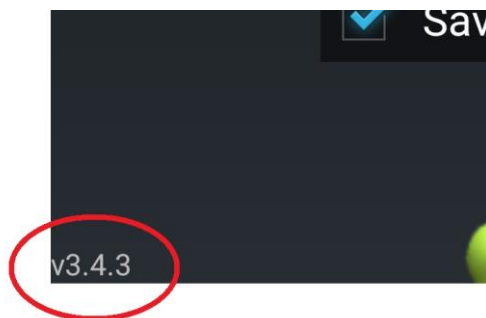

The v3.4.3 release is an update designed to fix a bug in the Monitor User Location feature. Locations are now properly updating following device restarts, even prior to the Municipity Android app being opened.

There are no new user features to report at this time.

How to Update

OK, be sure that the 3.4.3 version of the Municipity Mobile for Android application is installed on your Android device. You may already be configured to download updates automatically. The version is located in the lower-left corner of the login page.

If not, simply download this latest version from [Google Play](#).

Enjoy,
